Moles and Warts

Removed with Molesoff, without pain or danger, no matter how large, or how far raised above the surface of the skin. And they will never return, and no trace or scar will be left, where the mole or wart was seated. Molesoff is applied directly to the Mole or Wart, which entirely disappears in about six days, killing the germ, leaving the skin smooth and natural.

Letters from persons who we all know, together with much valuable information, are contained in an attractive booklet, which will be mailed you free upon request.

Molesoff is put up only in one dollar bottles. Orders are filled immediately upon receipt of price and mailed in a plain case, accompanied by full directions, and contains enough remedy to remove six to ten ordinary moles or warts. We sell Molesoff under positive guarantee, if it fails to remove your mole or wart, we will promptly refund you your dollar.

LANE QUOTES LAW

Parent Unable to Authorize Sale to Minor, Says Controller Lane

Austin, Tex., Sept. 19.—Controller Lane advises that he is in receipt of a number of letters from citizens throughout the State calling his attention to the fact that certain saloonkeepers are violating the law by selling intoxicating liquors to minors upon receipt of written authority from the parents of these minors. He said:

"It appears that many of the saloonkeepers themselves are under the impression that they can legally sell intoxicating liquors to a minor when the said minor brings along written authority from his parents authorizing the saloonkeeper to make the sale. This is an error as the law absolutely prohibits the sale or gift of intoxicating liquors, either by the saloonkeeper himself, or his agent, to any person under the age of 21 years under any circumstances, and any liquor dealer who sells, permits to be sold or given intoxicating liquor to a minor, does so at his own risk."

There also seems to be an impression among the saloonkeepers that when a minor comes into his saloon and attempts to purchase liquor and is required by the saloonkeeper to give his age and in doing so he assures the saloonkeeper that he is 21 years of age, that when the sale is made under these circumstances the saloonkeeper incurs no liability. Such is not the law. The law makes it the duty of the saloonkeeper, whatever may be the representation of the customer, when there is any question of doubt as to his minority, to ascertain the truth about his age before making the sale, and if the saloonkeeper does make the sale without taking this precaution and it afterwards developed that he has sold to a minor, he subjects his license to forfeiture.

"A more strict observance of this provision of the law will keep many liquor dealers out of serious trouble in the conduct of their business."

Everything in Building Material

We aim to keep, at all times, everything in lumber and building material. And as in the case of our lumber, every item of our stock is of the highest quality.

Of course, we know that "the price" cuts a big figure with every buyer—and we are prepared to meet anybody's price—but at the same time we have found that the exceptional quality of our stock is appreciated by those who have learned its superiority.

If you want absolutely high-class material, at a just-right price, buy your lumber here.

Your small wants promptly attended to.

PECOS' ANNUAL FAIR

To be the Largest and Most Extensive Ever Held in the West —Oct. 8th to 11th.

Every effort is being banded to make the second annual fair at Pecos, Texas, the largest and most extensive fair ever held in Southwest Texas. Nearly \$6,000.00 has been put into the work. Beautiful grounds have been laid off and permanent buildings erected. An American Standard race track has been built. Irrigated agricultural products will be a feature.

Best horse races ever seen in West Texas are to occur each of the four days of the fair; aerial events are to occur once daily. The Layton Mighty Midway Carnival Co., now touring California are to have charge of the paid attractions, of which there will be twenty, including all the late up-to-date shows. Poultry show is to form part of the fair, as is also a decorated automobile parade.

The dates for the Pecos second annual fair are Oct. 8, 9, 10, and 11. Railroads have granted very low rates from all points in Texas, Oklahoma and New Mexico, with liberal stop-overs. All persons wanting to see an irrigated country should visit Pecos. It is believed that the Pecos Fair will be excelled by no other fair in Texas west of Dallas. It will prove a revelation to all people of the Southwest.

Rotan Boy Drowns

Rotan, Tex., Sept. 19.—The lifeless body of the 8-year-old son of Mr. and Mrs. J. F. Nelms was dragged from the Double Mountain river yesterday and buried this morning. The little fellow was a deaf mute. He left home with his two dogs and was not missed until the return of the dogs, which he had tied together. It was his custom to spend much of his time around the place in company with his pets and nothing was thought of his absence until their return without him late in the evening.

Smith Shaw, a substantial farmer and stock raiser of the Abernathy country was here Thursday and paid the Avalanche office a pleasant call. He said he had a fine twelve pound girl at his house but still he was all out and down in the mouth and lamenting that it wasn't two or more. All people are not alike. We know of another home which on two occasions has been blessed with twins. Another occasion was at hand and the happy father was sent for a doctor. He crossed his fingers and lit out yelling "ventchie dubs" at every jump.

Mrs. Sarah Trudgen and daughter, Miss Bessie Trudgen, who live at Sutter Creek, California, were in our city Saturday, sight-seeing and looking at the country. They own considerable property in West Texas and were glad to see the country improving so rapidly.

Pale Faces

Pale-faced, weak, and shaky women—who suffer every day with womanly weakness—need the help of a gentle tonic, with a building action on the womanly system. You are weak—you need Cardui, the woman's tonic, because Cardui will act directly on the cause of your trouble. Cardui has a record of more than 50 years of success. It must be good.

Take CARDUI

The Woman's Tonic

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered, nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

Miss Vera Murfee left Saturday for Georgetown where she will enter the Southwestern University. She will stop over at Abilene a day to be with her sister, Miss May Murfee, who is teaching in the public school there.

PRISON INVESTIGATION

Committee Composed of Gov. Colquitt, Will H. Mayes and B. F. Looney Investigate.

Accompanied by Hon. Will H. Mayes, Democratic nominee for Lieutenant Governor, and Hon. B. F. Looney, nominee for Attorney General, and the three Penitentiary Commissioners, Gov. O. B. Colquitt arrived in Rusk Monday afternoon, and spent the entire day Tuesday investigating the conditions of the East Texas Penitentiary. Mr. Geo. Waverly Briggs of the Dallas News arrived Tuesday morning, and will be with the committee during their tour of investigation of the entire system of the state.

A representative of the Press-Journal joined the Governor and his party by invitation, and was with them during the entire day Tuesday. This was the Governor's first visit to the Rusk prison, and it seemed to be a revelation to him as well as to Messrs. Mayes and Looney. They found the box factory under the management of Mr. Sam J. Smith, to be working in splendid order and turning the product of the factory out in an exceptional satisfactory manner, but when the prison proper and the Sam Lanham furnace was visited they were astonished at the immense investments that had been made to develop the resources of this section of the State, that it had been allowed to go to wreck and which are still fast deteriorating. The Governor made a close and practical inspection of every department, and insisted on detailed information regarding the furnace and entire iron industry. Mr. Louis informed him that the Sam Lanham furnace could be put in condition for \$10,000, and that brick for relining was already on the ground. After going over the matter thoroughly with Mr. Lewis and getting all the information obtainable regarding the expense of operation, the Governor and his party then visited the ore beds and found 14,000 tons of ore mined ready to be hauled to the furnace, and an equal amount "stripped" ready to be blasted. He then made the assertion that if the present proposition to lease the furnace was not consummated, it would be operated on State account. —Rusk Press Journal.

Haskell Boy Shoots Self

Haskell, Tex., Sept. 19.—Cecil Scott, the 7-year-old son of H. C. Scott, accidentally shot himself through the leg with a target rifle this afternoon. The wound is not considered dangerous and he is expected to be out in a few days.

On Saturday night, Sept. 28th, and the following Sunday, Rev. Liff Sanders of Lubbock, will preach at the Christian church. All are cordially invited to attend. —Randall County News.
